

Catholic Charities of Northern Nevada in Need of Diaper/Wipes Donations

We have a lot of parents who come to us for help, and many of them need diapers and wipes for their children. In 2017, more than 700 people received diapers through our Resource Network program. These kinds of everyday items make a huge difference for these families that are experiencing financial hardship.

We are starting to run low and could use donations of both, especially wipes! Many of the personal hygiene items we give away to our clients are also running extremely low. We are currently OUT of deodorant, shampoo, bar soap, and size 4 diapers. We are also very low on toothpaste, toothbrushes and adult wipes. If you're able to help, please bring donations to our Resource Network office at 500 E. Fourth Street (next to St. Vincent's Thrift Shop).
